INFORMATION FOR PARENTS

A program for linguistic and parental education in primary schools in Freiburg

TOGETHER FOR EDUCATION AND DIVERSITY

Dear parents,

soon you are going to send your child to school or it already does visit the school? Do you want to accompany your child on its educational path and support it actively but you don't know how to do that?

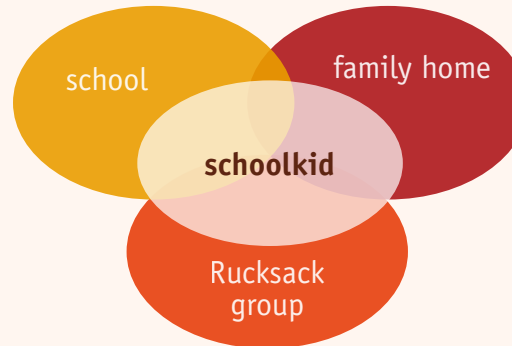

Then, the participation in the Rucksack-Programm in your school might be a good possibility!

Because Rucksack...

- views the parents as experts for their child
- promotes the native language at home and the german language in school
- supports the infantine development in general
- improves the cooperation between the family home and the school
- creates space for educational topics, parental education and intercultural exchange
- offers information about the german educational system
- forms networks to support you

The participation in the Rucksack-Programm is for free.

Rucksack takes place on different sections simultaneously:

In school ...

- children are promoted in the german language in class
- the school topics are modulated with the program of the parent-groups and the Parent-Child-Activities
- an intense exchange promotes the teamwork between parents and schools
- parents are able to play an active part in the arrangement of the school life

In the Rucksack-Parent-Groups ...

- well-educated parents attendants guide your group two hours per week in the rooms of the school
- parents get to know the educational topics of the school and the materials of Rucksack
- parents receive helpful suggestions for activities to deal with their children at home
- parents discuss educational topics
- parents get in touch with other parents

At home ...

- parents and children play and practice with the given materials in their native language and in german
- the spoken language will be promoted in common daily situations
- Rucksack promises fun for the whole family
